## PORTFOLIO

[dmarochnik.github.io](https://dmarochnik.github.io)

## EDUCATION

*Utah Valley University*

*December 2020*

B.S. in Information Technology, Summa Cum Laude

Emphasis: Information Security

## EDUCATION HIGHLIGHTS

For my senior project I developed a full stack web application. The client was written in Vue, and the API in ASP and .NET core. All projects are available on my GitHub which can be accessed through my portfolio.

## WORK EXPERIENCE

*VASA Fitness*

*December 2019 – Present*

IT Technician

- Resolve software and hardware issues for employees to keep our businesses running smoothly, so that fitness members have a great experience
- Automate tasks to decrease workload and make time for more important assignments
- Configure, repair, and monitor VASA network activities
- Designed and deployed inventory system
  - Limited resources (free)
  - Secure
  - Linux based
  - Remote access for employees
